

REMARKS

Reconsideration of this application is requested. It is believed that this amendment places the application in a condition for allowance because of the following reasons.

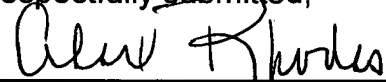

Claim 13 was allowed. Claim 11 has been rewritten in independent form including all of the limitations of the base claim and any intervening claims to meet the Examiner's requirement for allowability.

Claims 5, 8, 14, 22, 24, 25, 26, 27 and 28 have been cancelled. Claims 6, 7, 10, 12, 20, 21, 23 have been amended to depend from claim 11 which was allowed. Since they depend from an allowed claim, they are allowable for the same reasons as the base claim.

In view of the above, it is believed that this application overcomes all of the Examiner's objections. It is requested that the Examiner act favorably on this amendment and pass the application for allowance.

Although no further changes to this application are believed necessary, should the Examiner believe otherwise, a telephone conference would be appreciated.

Respectfully submitted,
